Director
CSIR-Central Drug Research Institute
Lucknow

Dr. Tushar Kanti Chakraborty, Director, CSIR – Central Drug Research Institute, Lucknow is an outstanding researcher in the area of chemical sciences. Dr. Chakraborty obtained his doctorate from Indian Institute of Technology, Kanpur in 1984 and was a Post Doctoral fellow at University of Pennsylvania, Philadelphia during 1984-87. His illustrious scientific career began at the Indian Institute of Chemical Technology (IICT), Hyderabad where he served until 2008 in various capacities before moving over to CDRI, Lucknow as Director in December 2008. Dr. Chakraborty is specialized in the area of asymmetric synthesis, total synthesis of biologically active natural products, peptides and peptidomimetics. His current interest include drug design and molecular modeling, especially of new amide linked molecular entities based on sugar amino acids and other multifunctional building blocks as artificial receptors in molecular recognition processes.

Dr. Chakraborty has guided 24 Ph.D students and has authored more than 153 research papers in leading international journals with more than 2900 citations. He has delivered many invited lectures in major conferences and Institutions around the world. Dr. Chakraborty is a recipient of several awards and medals, notable among them being the Shanti Swarup Bhatnagar Prize in Chemical Sciences (2002), NASI-Reliance Industries Platinum Jubilee Award in Physical Sciences (2006), J.C. Bose Fellowship (2008), Ramanna Fellowship (2007), CRSI Bronze Medal (2002) and CSIR Young Scientist Award (1991). Dr. Chakraborty is a fellow of Indian National Science Academy (2007), Indian Academy of Sciences (2003) and the National Academy of Sciences (2000).
